Happy roungsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach the child naturally becomes cross and fretful from the discomfort, and is often punished for tem-per when medical attention is really what is needed.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, and it expectably recommended. and is especially recommended for children because of its free-dom from all opiate or narcotic drugs and its gentle action.
